

Data Dictionary

perfume_sales.csv — Column Reference

Overview

The dataset has 3,000 rows (one row = one order line) and 15 columns, spanning 18 months of AromaKart's order history. Every Total_Amount is internally consistent with Price, Quantity, and Discount_Percentage, and there are no missing values or duplicate Order_IDs.

Column Reference

Column	Data Type	Description
Order_ID	Text	Unique identifier for each order line
Order_Date	Date	Date the order was placed (2025-01-01 to 2026-06-30)
Customer_ID	Text	Unique customer identifier; repeats for returning buyers
Customer_Name	Text	Customer's full name (synthetic)
